RECEIVED

JUL 31 1996

SUPERFUND DIVISION

July 29, 1996

USEPA, Region II
726 Minnesota Avenue
Kansas City, KS 66101

Attention: Pauletta France-Isetts
Superfund Division

Dear Ms. France-Isetts,

Re: PCB Treatment, Inc., Superfund Sites
2100 Wyandotte Street, Kansas City, Missouri, and
45 Ewing Street, Kansas City, Kansas
Request for Information pursuant to Section 104(e) of CERCLA

Please find attached United Enviro Systems, Inc.'s response to the Request for Information noted above.

If any further information comes to light regarding this matter, it will be forwarded to you immediately.

United Enviro Systems, Inc.'s policy is to cooperate fully and openly with EPA to insure appropriate and effective remediation of these sites.

If you have any questions or require further information please mail you request or call me.

Very truly yours,

UNITED ENVIRO SYSTEMS, INC.

Harold B. Eddins, Jr.
General Manager

RESPONSE TO INFORMATION REQUEST QUESTIONS

- 1.) Harold B. Eddins, Jr.
United Enviro Systems, Inc. (UES)
P.O. Box 524
Chester, New Jersey 07930
201-927-1488
- 2.) Same as question #1
- 4.) U.N. Enviro Systems, Inc. t/a United Enviro Systems, Inc. (UES)
Person consulted: Harold B. Eddins, Jr.
- 5.) Items brokered by United Enviro Systems, Inc. include:
 - a) Generator: Celanese Research Corporation
86 Morris Avenue, Summit, New Jersey 07901
NJD 062 026 281
Material: 3600 pounds/600 gallons of Monsanto Thermanol 77 oil contaminated with less than 50 ppm PCB's. 495 gallons were shipped in 55-gallon drums, 30 gallons in a 30-gallon drums, and 75 gallons in 5-gallon pails.
Shipment: One shipment was made on 4-24-84 on manifest document NJ0220096 and was delivered to the Wyandotte Street site on 4-30-84. Shipment to PCB, Inc. was arranged through Transformer Technologies Corporation, 523 South Ellis Road, Jacksonville, Florida 32205.
 - b) Generator: Shulton, Inc.
697 Route 46, Clifton, New Jersey 07675
NJD 002 190 304
Material: 39 PCB capacitors weighing 274 pounds. The capacitors were shipped in 1 x 55-gallon drum. Dimensions, weight, amount of oil contained in them, and PCB content are unknown at this time.
Shipment: One shipment was made on 4-24-84 on manifest document NJ0165459 and was delivered to the Wyandotte Street site on 4-30-84. Shipment to PCB, Inc. was arranged through Transformer Technologies Corporation, 523 South Ellis Road, Jacksonville, Florida 32205.
 - c) Generator: Educational Testing Service
Address unknown at this time
Material: 2 x PCB contaminated transformers. Dimensions, weight, amount of oil contained in them, and PCB content are unknown at this time. UES could located only limited information in our files. We therefore requested the New Jersey Department of Environmental Protection to send us copies of the hazardous waste manifests. The NJDEP only had copies of the bottom portion of these manifests that do not contain a description of the transformers.
Shipment: Two shipments were made in September 1984 (the exact date is unknown) on manifest documents NJ0240559 and NJ 0240560, and was delivered to the Wyandotte Street site on 9-17-84. We believe that UES arranged shipment directly with PCB, Inc.

- d) Generator: BASF Structural Materials, Inc.
86 Morris Avenue, Summit, New Jersey 07901
Material: 16 x PCB contaminated capacitors. Total gross weight was 1,200 pounds. Dimensions, amount of oil contained in them, and PCB content are unknown at this time.
Shipment: One shipment was made on 6-24-86 on manifest document NJA0153102 and is believed to be delivered to the Wyandotte Street site on 6-28-86. The date of receipt is not easily readable on the manifest copy. We believe that UES arranged shipment directly with Envirocare Management Corporation.
- e) Generator: James River Corporation
Warren Glen Mill, Warren Glen, New Jersey 08886
Material: 14 x PCB contaminated transformers weighing 13,100 pounds, 81 x PCB contaminated capacitors weighing 7,500 pounds, and 2 x 55-gallons drums of PCB contaminated oil weighing 800 pounds total. Dimensions, amount of oil contained in them, and PCB content for the transformers and capacitors are unknown at this time.
Shipment: One shipment was made on 7-30-86 on manifest document NJA0223684 and was delivered to the Wyandotte Street site on 8-30-86. We believe that UES arranged shipment directly with PCB, Inc.
- f) Generator: Wall Street Data Services
1500 Palisades Avenue, Teaneck, New Jersey
Material: 1 x 55-gallon drum containing between 75 and 150 pounds of PCB contaminated capacitors (our records are unclear on the actual weight). The number, dimensions, amount of oil contained in them, and PCB content are unknown at this time.
Shipment: One shipment was made on 10-2-86 and was delivered on or prior to 10-10-86 to one of the PCB, Inc. sites. We believe however, it was delivered to the Wyandotte Street site. We have not been able to locate a manifest or manifest document number for this shipment. We believe that UES arranged shipment directly with PCB, Inc.
